IMPORTANT:

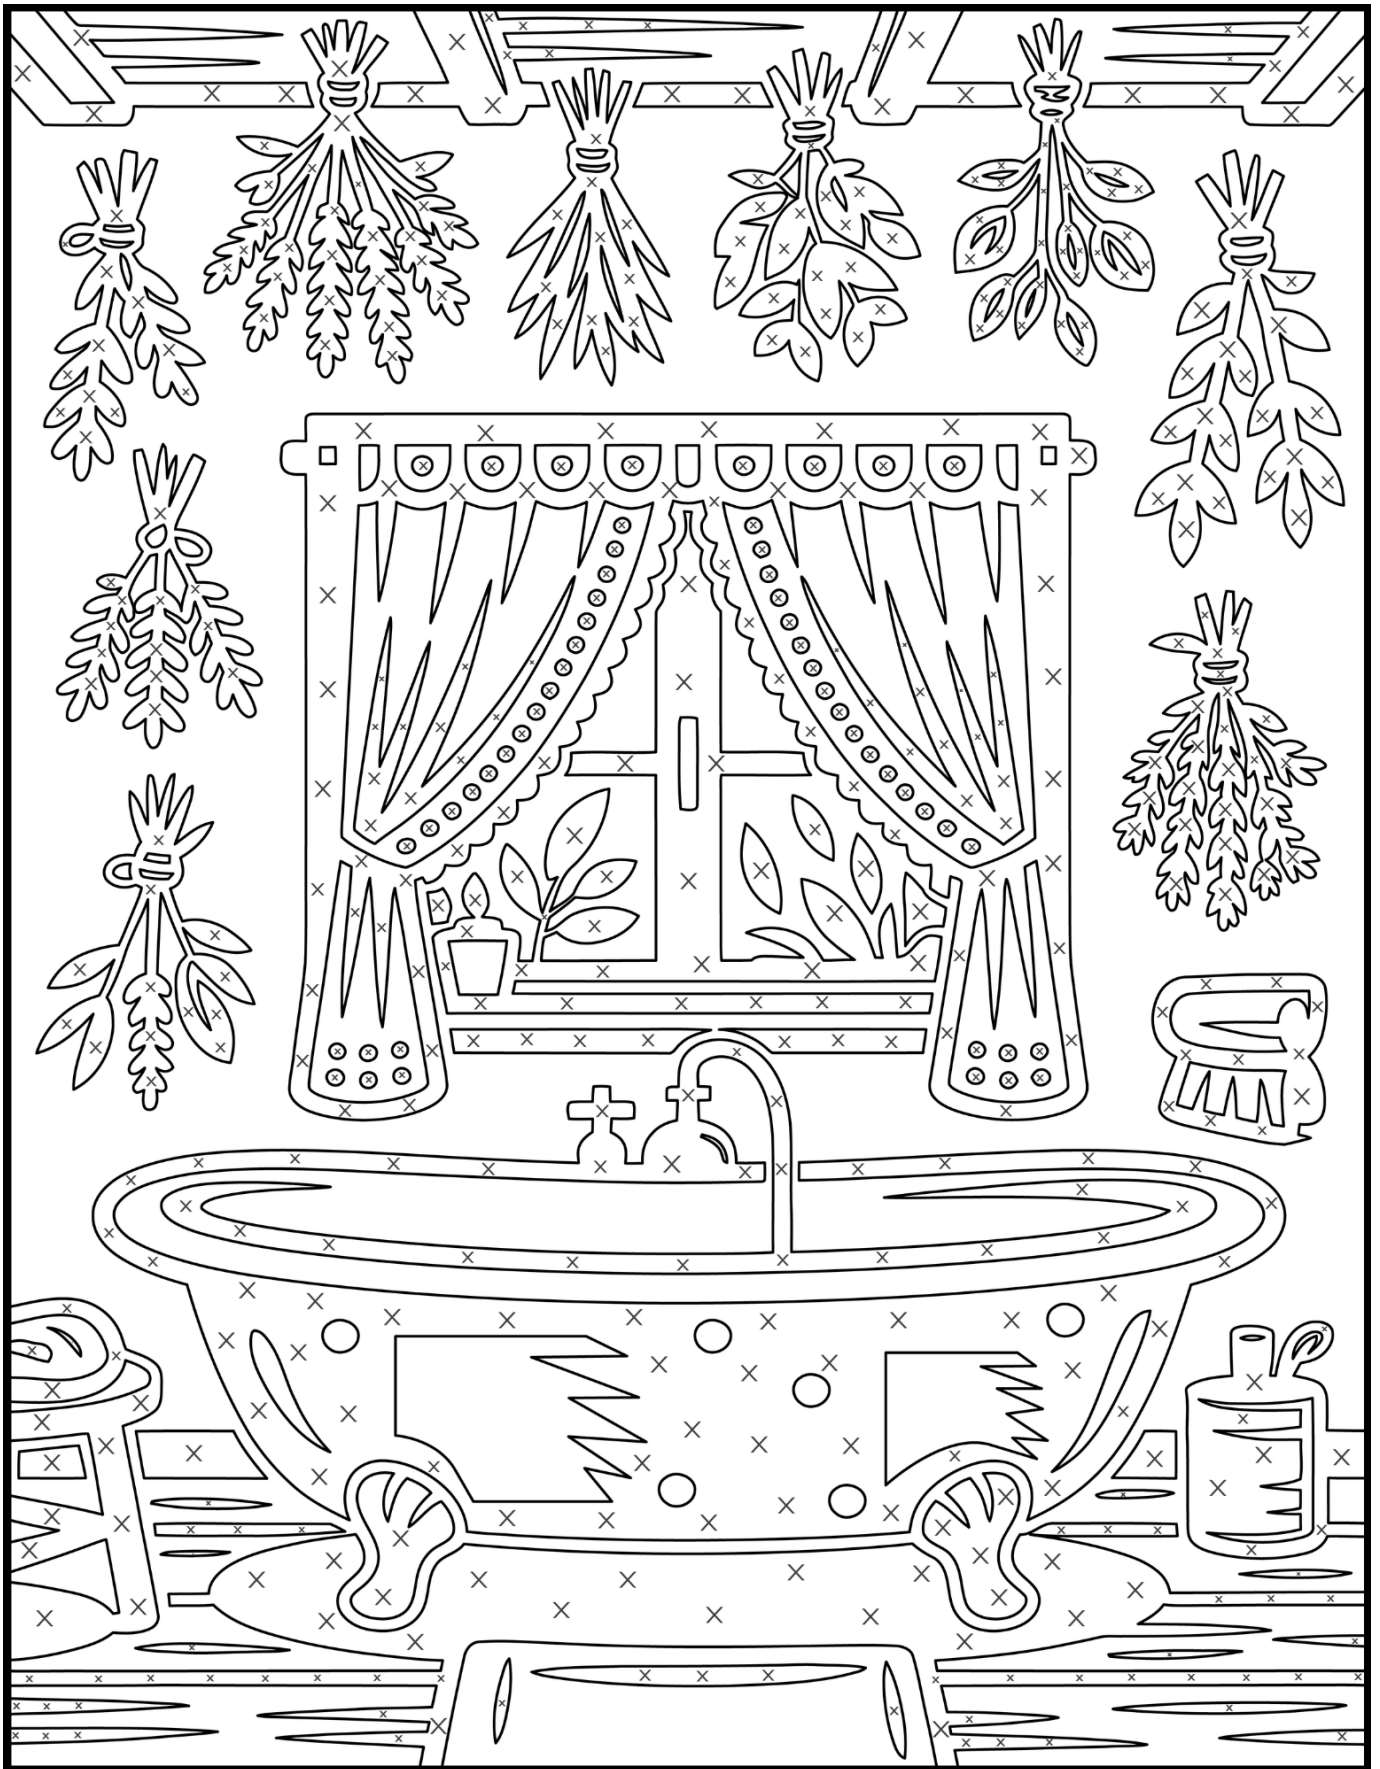

HOW TO USE THIS BOOK

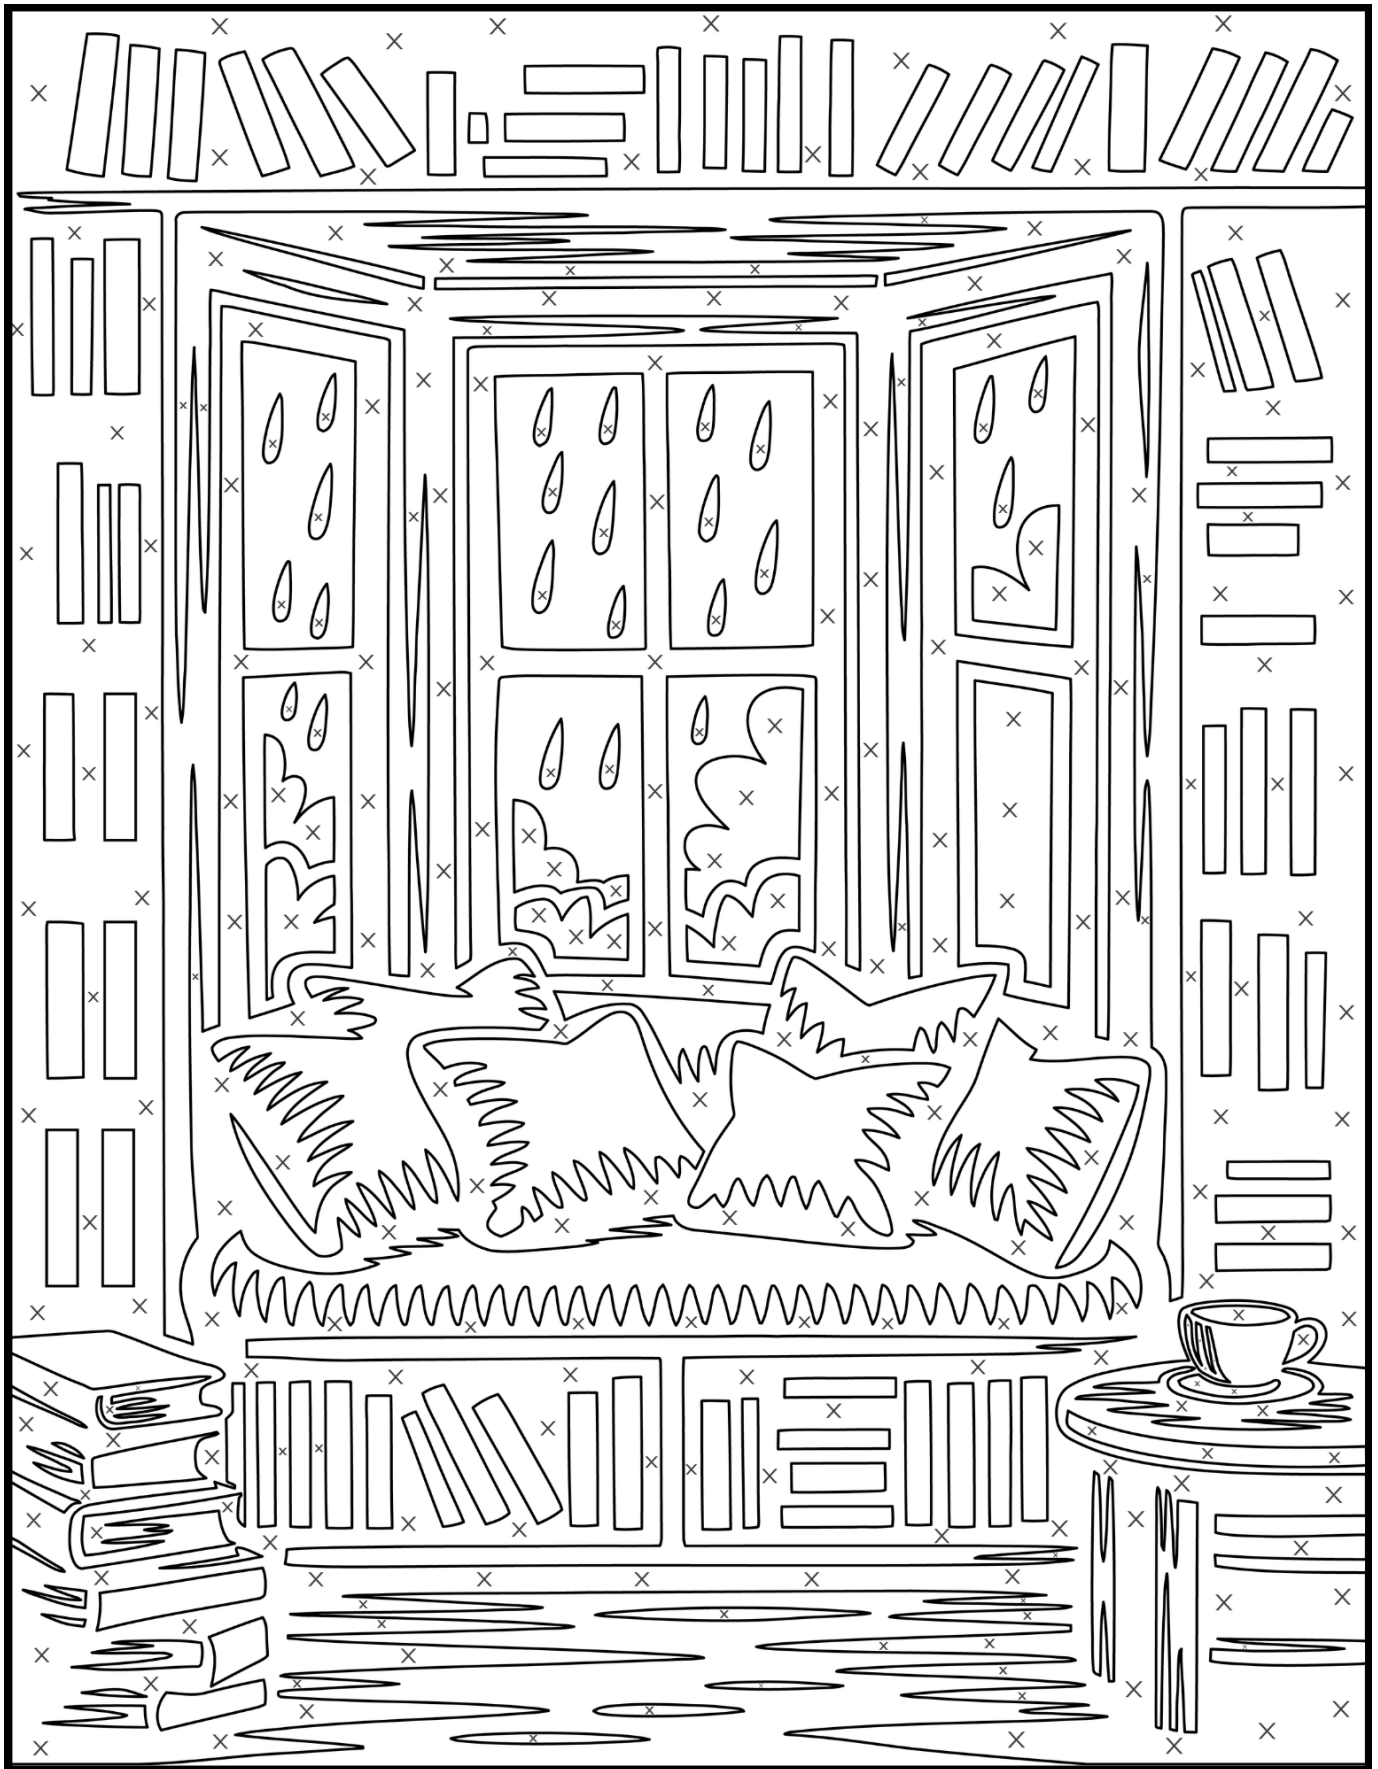

We recommend using a protective sheet. To prevent ink from bleeding through to the next page, please place a blank sheet of paper or cardstock behind the image you are coloring. Single-Sided Pages Each image is printed on a single side with a dark patterned back to help minimize the visual look of bleed-through. Test Your Colors Use the 'Color Test Page' at the end of this book to see how your markers work on this paper before starting your masterpiece. Happy Coloring!
